Human-Computer Interaction Researcher @ UC San Diego
La Jolla, CA, USA | jep034@ucsd.edu | <https://jeongeonpark.com>

Research Interests

Human-Computer Interaction, Human-AI Interaction, Social Computing

I am broadly interested in empowering laypeople and supporting domain experts to **better understand and communicate complex knowledge**, by surfacing diverse facets of information and reflecting on one's own preferences and context. I primarily build intelligent systems and use both quantitative and qualitative methods to understand the opportunities and risks of such systems.
